

Stainless Steel Razor Barbed Wire

Stainless Steel Razor Barbed Wire (Stainless Steel Razor Wire, Stainless Steel Barbed Wire)

The material for making stainless steel razor barbed wire is stainless steel sheet or galvanized sheet.

Razor barbed wire is a kind of modern security fencing material. Razor wire type is various, depending on the shape of razors. There are long blade, medium blade and short blade razors.

Also razor wire could be supplied in straight line, crossed type and concertina coils.

Features: Stainless steel razor barbed wire has reasonable structure and high security to protect prison or some important projects.

The wire and strip are corrosion resistant because of their galvanized coatings.

Application: Stainless steel razor barbed wire is usually installed on top of the walls to prevent climbing and touching. It is widely used in military field, prison, detention houses and other security projects.
